Executive Summary

Chapter 1. The European Functional Foods Situation

- 1.1. Why does the European market lag behind?
- 1.2. Why the lacking EU legislative framework?
- 1.3. New complex and difficult areas for companies
- 1.4. Lack of understanding leads to erratic views
- 1.5. Critically scrutinised
- 1.6. Purpose: Filling a crucial information gap
The Becel Pro-Activ Case

Chapter 2. Specific Terms & Definitions

- 2.1. General and legal terms
- 2.2. Scientific terms

Chapter 3. Science & The Scientific Method

- 3.1. General
- 3.2. Science and the scientific method
 - 3.2.1. Generalised health benefits as scientific hypothesis
- 3.3. Discerning between scientific and non-scientific publications
- 3.4. FUFOSE

Chapter 4. The Legislative Situation

- 4.1. Claims on the health benefits of foods
 - 4.1.1. Nutrition claims
 - 4.1.2. Health claims
 - 4.1.2.1. Present situation - Codes of Conduct
 - 4.1.2.2. Recent developments
 - 4.1.2.3. Grading of Evidence
 - 4.1.2.4. Efficacy & product development
- 4.2. Novel food legislation
 - 4.2.1. General

Table of Contents of

“The Functional Foods Dossier: BUILDING SOLID HEALTH CLAIMS

- How to prepare the scientific dossier for health claims of European functional foods-
Practical Industrial Guide”

2nd edition – 2006 - ISBN 90-5859-004-6

I / 4

- 4.2.2. Why is the Novel food legislation of importance to functional foods?
- 4.3. Future
- 4.4. Non-EU countries

Chapter 5. Practical Aspects of the Scientific Dossier

- 5.1. What is the scientific dossier?
- 5.2. For which products should a dossier be prepared?
- 5.3. For whom do you prepare the dossier?
- 5.4. Contents of the dossier
 - 5.4.1. Essential and supportive contents
 - 5.4.1.1. The essential content ('primary evidence')
 - 5.4.1.2. Supportive contents
 - 5.5. Contracting third-parties (Outsourcing aspects)
 - 5.5.1. Special contract conditions
 - 5.5.2. Cost estimates

Chapter 6. The Dossier as Integral Part of the Functional Foods Business Development Process

- 6.1. An integral part in the business development process
- 6.2. Science in the development of functional foods
- 6.3. Steps in the preparation of the dossier

Chapter 7. Exploratory Phase, Lead Generation

- 7.1. Generating leads for functional foods
- 7.2. Carrying out the lead-generating search
- 7.3. Wording of the health claim
 - 7.3.1. Who is responsible?
 - 7.3.2. Process
 - 7.3.3. Be prepared
- 7.4. Screening and selecting new leads
- 7.5. Negative or neutral effects
- 7.6. Business evaluation

Chapter 8. In-Depth Literature Search

- 8.1. Quality of scientific journals
 - 8.1.1. Differentiating good from bad work
 - 8.1.2. Key lead investigator
- 8.2. Locating key literature sources

- 8.3. Highly effective sources
- 8.4. Types of scientific data
- 8.5. Personnel
- 8.6. The literature report

Chapter 9. Initial Data Evaluation

- 9.1. Purpose
- 9.2. Internally or externally
- 9.3. Focus of the evaluation
 - 9.3.1. Safety
 - 9.3.1.1. General
 - 9.3.1.2. "Upper tolerable level" (UTL)
 - 9.3.2. Human studies
 - 9.3.2.1. Human intervention trials
 - 9.3.2.2. Epidemiology (or Human observational studies)
 - 9.3.2.2.1. Definition and types of epidemiological data
 - 9.3.2.2.2. Quality of epidemiological data
 - 9.3.2.2.3. Using epidemiological data
 - 9.3.2.2.4. Misuse of epidemiological data in the marketplace
 - 9.3.3. Animal trials
 - 9.3.4. Mechanistic Studies - *In vitro* trials
- 9.4. Analysing scientific publications
- 9.5. Data from other products and applications
- 9.6. When articles contradict each other
- 9.7. Non-supportive data

Chapter 10. Identifying and Filling the Science Gaps

- 10.1. What gaps are there?
 - 10.1.1. Gaps related to the substantiation of efficacy of the health claim
 - 10.1.2. Gaps related to the Novel foods legislation
- 10.2. Carrying out human intervention trials
 - 10.2.1. Where to start.
 - 10.2.2. Ingredient or product testing?
 - 10.2.3. Side effects
 - 10.2.4. Useful approach
 - 10.2.5. Publishing the results in a referred journal
- 10.3. Compiling the dossier
- 10.4. Next step

Chapter 11. Final Data Evaluation & Finalizing the Dossier

- 11.1. Why a final internal evaluation?
- 11.2. Organising the external evaluation
- 11.3. Finalising the dossier

Chapter 12. Issuing and Submitting the Dossier

- 12.1. Final issue of the dossier
- 12.2. Official submission

Chapter 13. Possible Hurdles and Issues during the Submission Period

- 13.1. What can you expect? What is expected of you?

Chapter 14. Approval Decision, Launch & Post-Launch Monitoring Phases

- 14.1. Acceptance or rejection
- 14.2. Organise the Q&A department
- 14.3. Launch and post-launch monitoring

Closing Remarks

References and Websites

Appendices

- Appendix 1. More FAQs
- Appendix 2. The EU proposal for health claim legislation
- Appendix 3. Guidelines and Issues in the product development of functional foods
- Appendix 4. Competent authorities for the Novel foods legislation
